## What We're Asking For:

**Volunteers.** Construction begins this fall and continues next spring after a hiatus through the winter. Volunteers with construction experience will be needed in the summer of 2015 to finish the building.

**Financial Support.** \$3,000,000.00 is needed for the project, of which we have raised one third. We are proceeding on faith — the faith that God will inspire many faithful brothers and sisters to contribute to this offering for the saints in Gambell. Don't you feel God's calling on you?

in-depth look at these*

## FOUR SIGNS OF CLIMATE CHANGE:

**Shrinking Glaciers**

**Vanishing Sea Ice**

**Melting Permafrost**

**Affects on Flora,  
Fauna, and People**

Alaskan Christians are invited to the PEC Regional Conference this fall. It will be an education on what our faith, science and Native American traditions have to say about climate change, while we look at the evidence in Alaska.

We are members of God's stewardship orchestra, not content to sit back and be bystanders that only watch as the realities of our current climate crisis manifest themselves. We can be the instruments of transformation, reaching out with ideas for renewal and restoration and sustainability.

*“Alaska is in the forefront in how  
Climate Change is affecting our planet.”*
